* FREE K&N® decal To register your warranty, please see us online at knfilters.com/register. FREE K&N® decal *

K&N® Cabin Air Filters replace your vehicle's stock cabin filter with a reusable design that cleans and freshens incoming air. They are electrostatically charged to grab and hold dust particles. K&N® cabin air filters help control odors while they help capture most mold, mildew, fungus, spores, bacteria and germs. When they get dirty they can be cleaned and reused and best of all, they come with a 10 year/Million mile limited warranty.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

When applicable, refer to owner's manual for manufacturers installation/removal instructions. The following are helpful steps when replacing/servicing cabin air filter with K&N® cabin air filter.

1. Open glove box and locate access panel for cabin filter housing. Fig. 1, 2
2. Open access panel to reveal cabin filter housing. Fig. 3, 4
3. Remove cabin filter housing cover. Fig. 5
4. Remove dirty cabin filter. **NOTE: Clean any debris that might be present on the cabin filter housing.** Fig. 6
5. Install K&N® Cabin Filter. Cabin filter will only fit one direction. **NOTE: Cut out features and flow arrow should be facing down.** Fig. 7
6. Reinstall cabin filter housing cover. **NOTE: Notches on filter will line up with features on cabin filter housing cover.** Fig. 8
7. Reverse steps 1-4 to complete cabin filter installation. With the cabin filter installed, clean an area on the housing and apply the K&N® Stop Decal. The decal will help notify others that this is a re-usable cabin filter.
