## Installation Diagram for Part # 40112

Battery cables are not included in this kit due to the high number of possible applications in vehicles. High quality battery cables are very important in the proper operation of the system. A minimum of 2-gauge is recommended using quality crimp-on terminals.

**Solenoid draw is 2.5 AMP while engaged. If left engaged, with vehicle not running, it will drain the battery!**

## **Painless Performance Limited Warranty** **and Return Policy**

Chassis harnesses, fuel injection harnesses, and Trail Rocker units are covered under a lifetime warranty.

All other products manufactured and/or sold by Painless Performance are warranted to the original purchaser to be free from defects in material and workmanship under normal use. Painless Performance will repair or replace defective products without charge during the first 12 months from the purchase date. No products will be considered for warranty without a copy of the purchase receipt showing the sellers name, address, and date of purchase. You must return the product to the dealer you purchased it from to initiate warranty procedures.
