

SPARCO SCOOTER

SEM1

The Sparco eMobility Scooter Range is your best way to travel around town. Reaching max speeds of 25 km/hr, you can travel up to a maximum of 25 km off a single charge. Expect to get there faster and safer with 8.5 inch Wheels, Rear Brake Pads, Shock Absorbers and an LCD display to show stats on your journey (speed, distance travelled and battery levels). The carefully engineered folding system also allows an optimal and easy storage, making this the best Eco-friendly journey possible.

Check Out All The Features:

Our unique Folding System

- Super fast folding system (takes only 1-2 seconds)
 - Only 2 easy steps
- Super fast unfolding system (2-3 seconds)

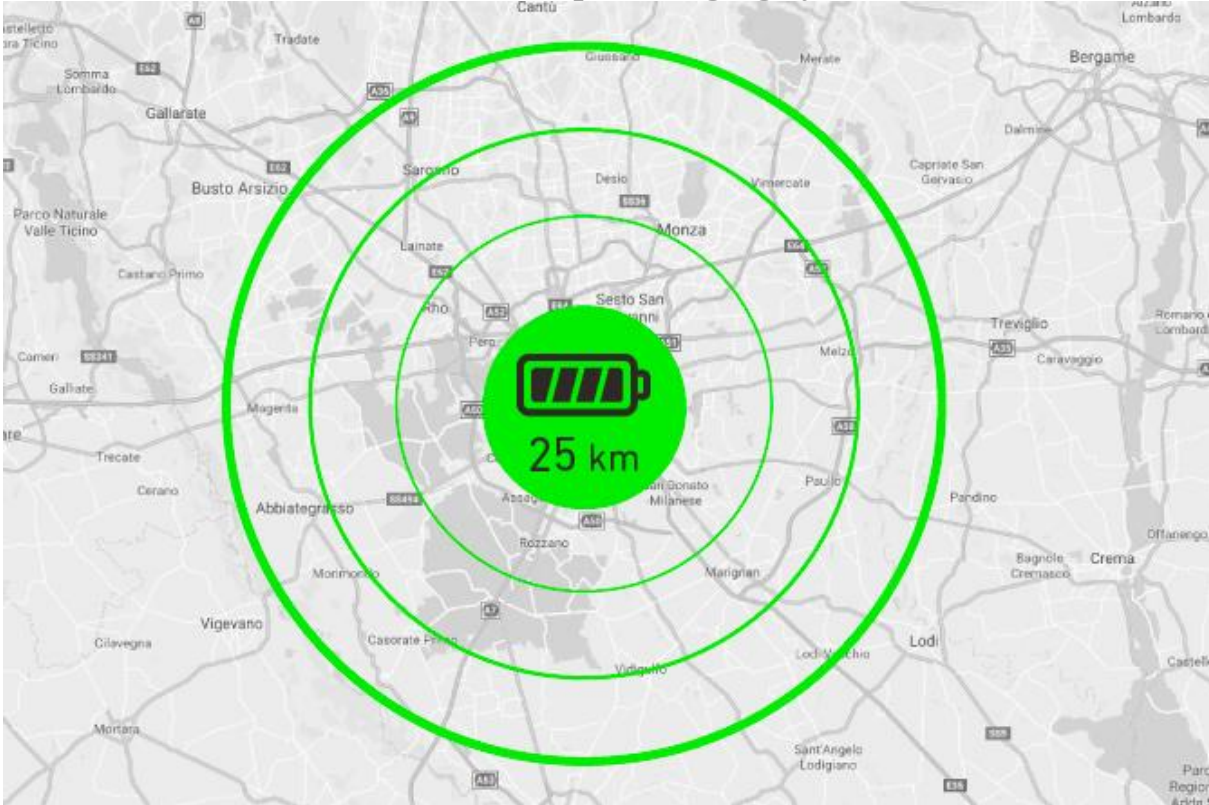

The powerful Motor

- Located in the rear wheel
 - 350 watt power
 - 25km/h top speed
